SM

Oxi Fresh has a responsibility to care for both our customers and the world. It's why we use cleaning solutions that provide exceptional results and are safe for the environment - one of our products even has the EPA's Design for the Environment seal.

But we do more. With every cleaning, Oxi Fresh conserves dozens of gallons of water other cleaners would waste. If everyone used us, we could save 571,179,980 gallons of water every year. Now that's a number worth reaching!

To set up your green carpet cleaning, call Oxi Fresh at 1-877-OXIFRESH.
